PASTORS CAMPOREE MEMO

Friday, February 24, 2023

Greetings Northeastern Conference Pastors! This is the second issue of the Camporee Memo created just for you! International Pathfinder Camporee in Gillette, WY will be here in no time, and we must get ahead of the game!

Thank you: As the AYM Directorate travels across the Conference, we are encouraged when we see pastors promoting International Camporee from the pulpit. We see some setting goals of how many youth their local church will be sending and encouraging members to support youth fundraising efforts. Pathfinders, parents and staff get excited and inspired by your public support. Hats off to you!

Meeting with Atlantic Union: At our February meeting with all Atlantic Union Youth Directors, we were shown the map of the campsites. We were reminded the amount of space allocated to each Conference is based upon the amount of tickets being purchased. *If the Camporee organizers see only a few tickets being purchased by our Conference, space allocated to us will be reallocated to Conferences with a higher rate of ticket sales.* Space allocation is being determined now, not next year. To put it simply, few ticket purchases equals little space, more ticket purchases equals more space.

Crowded:

Club waited to purchase tickets

Gillette Camping Space

Spacious:

Club purchased tickets early

ACTION ITEM:

We don't want to lose out on space because we delayed purchasing Gillette tickets. Depending on your financial situation, purchase your tickets now or a few at a time (monthly or quarterly). What is most important is to begin purchasing your tickets so our clubs will have as much space as possible. Thank you for your support!
